

We could all use a little advice from big industry experts.

Don't miss the 2015 Dental Professionals Speaker Series.

This free series will provide valuable insights from industry experts to help your practice succeed. Topics covered will include turning your potential into production, an overview of dental technology, financial planning and year-end tax planning. Each of these events is worth 2 AGD credits!

For more information or to RSVP, call Paul Motter at 773.724.1140.
